

How To Prescribe gammaCore Sapphire™ in Australia?

Information for Healthcare Providers

- During the consultation, complete the Authorisation and Order Form available at medistar.com.au/nvns or call 1800 934 001.
- Ask the patient to sign and date the consent section.
- Inform the patient that training will be provided by Medistar
- Inform the patient that gammaCore should be used as both a preventive therapy, 6 stimulations per day, and as an acute therapy, as required.
- At this time, there is no available subsidy for gammaCore Sapphire. Private patients will be responsible for payment of their course of therapy. Contact Medistar for current pricing if required.

- Email the completed form to Medistar gammacore@medistar.com.au or call 1800 934 001.

- Medistar will then contact the patient to confirm the delivery address and to arrange payment.

- The patient is prompted to arrange a training session with one of our gammaCore Support Team, either online, by email or telephone.
- Alternatively, a member of your clinical team trained on gammaCore may conduct the starting gammaCore training with the patient.
- Patients can also view the "How To Use gammaCore" video at www.medistar.com.au/patients/starting-gammacore

- Approximately 1 week after the patient commences gammaCore therapy, our support team will be in contact with the patient to follow up on the gammaCore Sapphire training.

- Any questions of a clinical nature will be directed to you as the managing clinician.
 - Our team will not provide any medical advice or comment on the patient's headache treatment or other medical condition.
 - The patient will need to contact you as the healthcare provider to discuss continuation of their gammaCore therapy.
 - Medistar will not issue any reminders to the patient that they are nearing the end of the course of prescribed nVNS therapy.
- gammaCore Sapphire is available in:
- 31 day Starter Kit ■ 31 day Refill Kit
 - 93 day Starter Kit ■ 93 day Refill Kit
- Sufficient quantities of conductive gel are supplied with each course of therapy. If additional gel is needed, it is available to the patient free of charge upon request.
 - To obtain hard copies of any of the following:
 - Patient Information brochure
 - Quick Start Guide
 - Treatment Guide
- email us at gammacore@medistar.com.au or telephone: 1800 934 001.
- Demonstration kits and training for your staff are available on request.
